THE ONLY NON-EMBEDDED HEATING SOLUTION FOR NAIL AND GLUE DOWN WOOD FLOORING

The new NWFA Guidelines allow for electric radiant heat under wood floors

- Controls floor temperature with in-floor sensor and thermostat
- Monitors and logs temperature and humidity readings with Fidbox
- Integrates seamlessly — constructed using ultra-thin and flexible materials
- Prevents overheating with tailored power output
- Protects with continuous thermal cutoff heating technology
- Simplifies installation — allows straightforward glue and nail application
- Supported by comprehensive warranty program

CHAIRMAN'S WELCOME

Welcome to Tampa, Florida, and the largest trade show anywhere dedicated exclusively to wood flooring. Representing all business types in the industry, the NWFA Wood Flooring Expo has been a can't-miss event for close to 40 years. And this year is no different.

It has been a chaotic couple of years for us all, making this event the perfect time to accelerate your business, focus on your professional development, and build your network.

The pandemic has changed many things in many ways, both short-term and long-term. This year's keynote presentation from the Bowtie Economist, Dr. Elliot Eisenberg, Ph.D., will provide insights on the economy, labor and supply chain issues, inflation, advice on reducing risk, staying ahead of the financial curve, and more.

On the trade show floor, you will experience the latest products and services and enhance your knowledge with top-notch education from our NWFA Regional Instructors. Learn the latest installation and finishing trends from the masters in one-hour increments.

Reconnect with old friends and meet some new ones at one of our many networking events. There is something for everyone with the New Member reception, Launch Party, Women in the Industry breakfast, and NWFA Emerging Leaders reception, to name a few.

So, find your direction in Tampa, and chart your course toward success in the year ahead. The NWFA team and I look forward to connecting with you and hope the time you spend here will equip you with everything you need to "Navigate Your Future."

Craig Dupra
Chairman, NWFA

POLO^{1K}FLAT

THE ULTIMATE FLAT FINISH!

REST EASY, IT'S FLATTER THAN FLAT.

LOWEST
1K
SHEEN
ON THE MARKET

PoloPlaz Polo 1K Flat 3.5, the floor finish that dries flatter than any other competitive 1K finish.

We use our next-gen resin in our Polo 1K technology to achieve an average sheen of ONLY 3.5 degrees.

- Dries flatter: 3.5° on average
- No catalyst: less waste + additional savings
- Easy to use: brush, roll, or t-bar
- Dry time: clear in only 2 hours
- Extreme durability: remarkable scuff resistance

DARE TO TAKE A CLOSER LOOK!

COME TO BOOTH #911 AND FIND OUT MORE ABOUT OUR
ADVANCED TECHNOLOGIES IN FLOOR FINISH.

FOR MORE INFORMATION CALL 1.800.432.4333 OR VISIT CANLAKCOATINGS.COM

The NXTGEN in Waterbased Finishes

Introducing the next generation of oil modified urethane for all hardwoods designed for the next generation contractor.

Absco Grand NXTGEN uses a new innovative resin (next generation) to increase the performance and ease of application, while delivering the durability of an oil finish.

- NXTGEN Resins Deliver Greater Performance
- Increased Scuff Resistance
- Easy Application
- Enhanced Flow & Leveling
- Dry Time In 1-3 Hours
- Great Coverage & Low Odor

EXPO APP

DOWNLOAD THE NWFA EXPO APP FOR FREE

CUSTOMIZE YOUR EXPO EXPERIENCE

Search for
“NWFA
Expo” to
download
from
iTunes or
Google
Play.

Have access to everything Expo related at your fingertips when you download the NWFA Expo mobile app. The app houses everything from the education and special events schedule to speaker bios and the exhibitor list. You can customize your schedule and bookmark the sessions and exhibitors you want to be sure not to miss.

Don't forget to allow push notifications so you receive show specials and updates throughout NWFA Expo. You can update your preferences in the settings of your phone's app manager.

FOLLOW THESE STEPS TO USE THE APP:

- Download the mobile app by searching for NWFA Expo 2022 in your iTunes or Google Play app store.
- Once the app downloads, open it on your mobile device.
- Enable push notifications and customize your schedule to make the most of your experience at Expo.

Tired of playing with little pieces?
All BOEN hardwood flooring is at least 7 1/2 feet long!

BOEN's legacy goes back to 1641, originally starting with two sawmills by the waterfall Boen - in Norway. The largest hardwood only producer in Europe, now featured at independent retailers and contractors in North America. Hardwood floors from BOEN set that final touch to your style, becoming the showpiece of your home. Welcome to the home of hardwood flooring.

- ▶ Wood experts for over 350 years
- ▶ Every plank is full length
- ▶ Innovative Live Pure finish offers unsurpassed protection while preserving the look of raw wood
- ▶ Made in the European Union - Local Inventory
- ▶ Ruled by passion, style & craftsmanship

Companies in **AQUA** are advertisers in this guide and the April/May issue of Hardwood Floors magazine.

For descriptions of what they are displaying at the NWFA Wood Flooring Expo, see the Expo Exhibitor Showcase starting on page 52.

Roll-Cote™

BACKED IN BLACK

Moisture Mitigation. Vapor Reduction. Primer.

- Unlimited moisture protection for glue-down installations
- Vapor-retarder membrane for nail-down installations
- Rapid return to service
- Low VOC, CDPH compliant, and Red-List Free
- Easy workability, visual indicator of coverage
- Remarkable durability
- Industry-leading system warranties

*See Roll-Cote™ technical data sheet for more information.

"I am thrilled that no primer is required, which saves me cost and downtime. I love the black color and the ease of application. And I can reuse this product—no waste!"

WEXFORD ENGINEERED

Introducing 2 NEW colors in Mullican Flooring's popular Wexford Engineered Collection. Inspired by the great castles and villas of Europe, Wexford offers a classic wide plank farmhouse style, 1/2 inch thickness with a low gloss finish. The EuroSawn process combines the best of the three traditional North American sawing techniques. The result is a wider plank, with gorgeous plain sawn near the center, flanked by unique rift and quarter sawn on the edges, creating a classic and unique visual with unique characteristics only found in hardwood flooring.

EXHIBITOR SHOWCASE

3M

Booth 1107

3M™ Scotch-Brite™ Driving Pad and 3M™ Hook-It II™ Easy Change Discs attach simply and securely to floor sanders without tools, eliminating downtime. Various abrasives allow the floor mechanic to blend and make final transition cuts for an ideal finish. The 3M™ Scotch-Brite™ Driving Pad cushions the abrasive cut, while the 3M™ Hook-it II™ Easy Change Discs or Sheets provide a fine finish.

3m.com

AACER FLOORING

Booth 930

Aacer Flooring is your one-stop shop for hardwood flooring. Select from solid, engineered, prefinished, and unfinished. In addition to the colors offered in their collections, custom color or private label programs are available. All flooring features prized northern hardwoods and are manufactured in Aacer's 350,000 sq. ft. facility in Wisconsin, U.S.A.

aacerflooring.com

ABSOLUTE COATINGS

Booth 911

Absco Quick Dry Penetrating Wood Finish stains and seals in one coat, dries in two hours and is fortified with urethane for long-lasting durability. It is available in 20 ready-mixed colors and can now be intermixed for a virtually unlimited color palette. Save time and money with Absco!

absolutecoatings.com

AKHURST MACHINERY INC.

Booth 1036

The Marinus Powermax All-in-One Defect Saw and End Matcher from Akhurst is an advanced high-speed end-matcher as well as a defecting cut-off saw. Its unique design allows for both processes to be carried out in one machine, which increases throughput with a reduced footprint.

akhurst.com

ALLEGHENY MOUNTAIN HARDWOOD

Booth 630

Rift and quarter sawn red oak is quickly growing in popularity. The red oak used by AMHF growing in the Allegheny Plateau in Pennsylvania is known worldwide for its beauty and quality. Red oak is abundant and more economically priced than white oak.

alleghenymountainhardwoodflooring.com

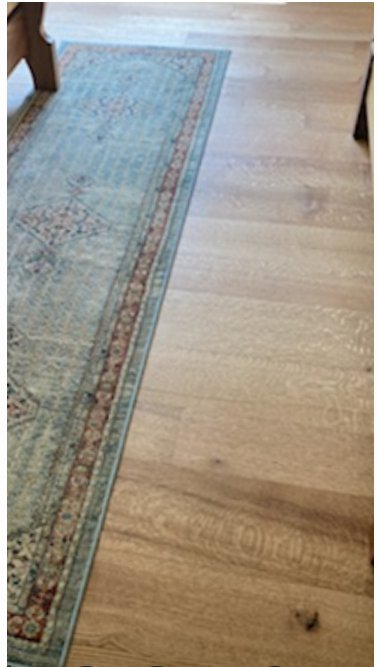

VISIT OUR
BOOTH NWFA
EXPO #630

Rift & Quarter Sawn Red Oak
Design by Leanne Ford

100% Manufactured in Pennsylvania
www.hickmanwoods.com - 724.867.9441

Rift & quarter sawn red oak is trending with AMHF. Northern red oak has tight growth rings and beautiful coloration that has gained love from many "anti-red oak" folks.

@HICKMANWOODS

EXHIBITOR SHOWCASE

BRUCE (BARNWOOD LIVING BY MARK BOWE)

Booth 419

Barnwood Living™ by Mark Bowe from Bruce® will be adding a brand-new engineered line to complement the current solid wood offering. Every floor in the collection is crafted with care in the AHF Products Beverly, West Virginia plant. The new engineered line also features a vintage, barnwood visual that combines Bowe's barnwood aesthetics with the quality and craftsmanship of Bruce.

HARRIS FLOORING GROUP BY QEP

Booth 919

Integral to the success of QEP, are the three long-trusted brands that comprise its Harris Flooring Group™: Naturally Aged Flooring, Harris, and KRAUS. These brands leverage the great advantage of a domestic manufacturing facility in Tennessee, to secure product availability and delivery as well as strategically located distribution centers, and more than 7,000 independent dealers across the U.S. and in Canada.

harriswoodfloors.com

HARTCO (DOGWOODPRO)

Booth 419

Hartco® DogwoodPro™ Densified Wood™ flooring features a groundbreaking, patent-pending process that creates “densified wood,” a pure 100 percent natural wood floor that is incredibly resistant to scratches, gouges, and dents – and pet nails and accidents. The engineers at AHF Products have taken real wood, made by nature, and made it even better by more than doubling its density, with a natural, patent-pending process of heat and pressure.

NORTON ABRASIVES

Booth 1243

The start of a brand new tradition – Norton Clipper Wood Saw Blades. Norton Clipper introduces a new collection of wood blades to add to our portfolio of great products from a brand you have come to know and trust – circular saw, miter/table saw, jigsaw, and reciprocating saw blades.

nortonabrasives.com

OGDEN GROUP

Booth 1114

Ogden Group/RfsProtech has developed a manufacturing method that replaces plywood with a solid core substrate. The core substrate consists of a two-ply construction - a rotary-peeled or sawn veneer bottom layer and a top layer of sticks that are gang-ripped from 4/4 low-grade lumber. The wear layer is then applied on top of the core substrate.
