# ENTER FOR A CHANCE TO WIN A SWEET NEW RIDE!

## Purchase Bostik hardwood products for a chance to win!

The 2023 National Wood Flooring Association (NWFA) Expo will be hosted in Milwaukee, Wisconsin— the home of two iconic brands in their own industries, Harley-Davidson and Bostik. To celebrate this occasion, Bostik will be giving away a Harley-Davidson® motorcycle to one lucky contractor!

All qualified contractor purchases of Bostik hardwood products will be eligible to enter for a chance to win the prize. To learn more about this contest, and free methods of entry, see the full program rules at:

[www.bostik.com/motorcyclesweeps](http://www.bostik.com/motorcyclesweeps)

Scan this code to register for  
**A CHANCE TO WIN A  
NEW MOTORCYCLE!**

**BOSTIK**

No purchase necessary. Promotional period begins January 2nd, 2023 and ends May 4th, 2023. This sweepstakes is open to licensed professional hardwood installation contractors who are legal residents of the 48 Continental United States and the District of Columbia. Harley-Davidson Motor Company is not endorsing, sponsoring, or otherwise affiliated with this promotion. The photographs shown herein do not depict the Harley-Davidson® motorcycle that is the subject of the sweepstakes, nor are they of the same model to be given away. B61200\_031023

# Our Shared DNA Gives You a True Family of Brands

**Bauwerk Group, the world's premier hardwood-only manufacturer, is excited to offer world class brands—  
Somerset Hardwood Flooring and Boen**

Our brands share Bauwerk Group's unique DNA, including our emphasis on people and relationships, manufacturing excellence, strong values, and outstanding corporate citizenship. And, of course, our exclusive focus on hardwood flooring. Bauwerk Group is the leading manufacturer of premium hardwood flooring. Our history and expertise is now strengthened with the addition of Somerset Hardwood Flooring. Together, we have an ideal synergy—bringing you every hardwood option from 2-1/4" strip flooring to 11-3/4" premium ultra-wide plank.

*Why choose anyone else?*

**Welcome to the home of hardwood flooring.**

# CHAIR'S WELCOME

Welcome to the 2023 NWFA Wood Flooring Expo, the only show dedicated exclusively to the wood flooring industry. We are excited to be in Milwaukee, Wisconsin, where this year's Expo theme is "Make it Happen."

You'll gain the inspiration to distinguish yourself from the competition and enhance your knowledge through new product demonstrations, technical demonstrations led by some of the industry's best, specialized education sessions, and more than 50 networking events.

Get your motor running by attending the Kick Start session, where there will be an industry update, and the 2023 NWFA Wood Floor of the Year winners will be recognized. Then, join us for an off-site party at the legendary Harley-Davidson Museum. There you will find motorcycles and artifacts that tell the story of the company's rich history and an opportunity to meet with old and new friends. We'll close out the show with a WoodFest Party, paying tribute to Milwaukee's heritage with entertainment, appetizers, and beverages.

We look forward to connecting with you and hope the time you spend here will equip you with everything you need to "Make it Happen" for your business.

# EXPO APP

## DOWNLOAD THE NWFA EXPO APP FOR FREE

### CUSTOMIZE YOUR EXPO EXPERIENCE

Search for “NWFA Expo” to download from iTunes or Google Play.

Have access to everything Expo related at your fingertips when you download the NWFA Expo mobile app. The app houses everything from the education and special events schedule to speaker bios and the exhibitor list. You can customize your schedule and bookmark the sessions and exhibitors you want to be sure not to miss.

Don't forget to allow push notifications so you receive show specials and updates throughout NWFA Expo. You can update your preferences in the settings of your phone's app manager.

### FOLLOW THESE STEPS TO USE THE APP:

- Download the mobile app by searching for NWFA Expo 2023 in your iTunes or Google Play app store.
- Once the app downloads, open it on your mobile device.
- Enable push notifications and customize your schedule to make the most of your experience at Expo.

Transportation will be provided to the museum where you will enjoy appetizers, drinks, and full access to the museum. While at the museum, you will find motorcycles and artifacts that tell the story of the motor company's rich history, and have an opportunity to network with new and old friends.

**(Drinks and appetizers will be available from 6:00 - 7:30 p.m.)**

(As of 3.5.23)

# Välinge Flooring becomes Bjelin

Bjelin and Välinge Flooring have merged and are expanding into new markets worldwide under the name, Bjelin. A new Hardened Wood range will be released – in new colors, formats and technologies. These new floors will also incorporate the patented technology by Välinge Innovation, 5G® Dry™, which is a water-resistant floor locking system that means a fast, easy, and durable installation with a watertight joint.

# Protection Solutions

Unprotected Floor

Hardwood Flooring is especially prone to damage from construction site tools, foot traffic, equipment, paint splatter, dust and debris, leaving behind scratches, dents, and splatter that are costly to repair.

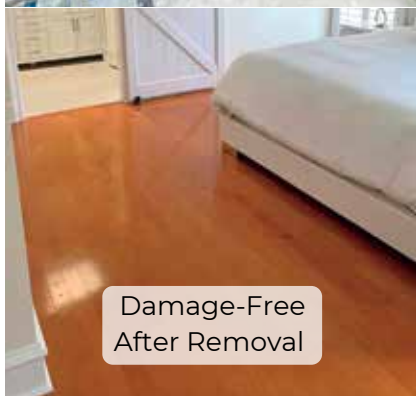

Skudo offers temporary surface protection solutions purposefully designed for Hardwood surfaces.

By forming a strong, impact-resistant barrier over the surface, hardwood floors are left damage-free at the project's end.

Better yet, many Skudo products are slip-resistant, fire-retardant, and reusable.

Protected by Skudo  
During a Home Renovation

Damage-Free  
After Removal

# FOR WHEN RESULTS MATTER.

## 3M™ PRECISION-SHAPED GRAINS

Uniformly shaped triangular ceramic grains are electrostatically oriented to stand upright and slice through the substrate, continually fracturing into new sharp cutting edges. The technology prevents abrasives from heating up and provides a consistent cut. Designed to last long and cut fast for professional results every time you sand. With a wide range of belts, discs and grits, 3M has a solution to help save you time.

# Exceptional Durability In An Easy-To-Use Formula

## Platinum 2K Performance For Professionals With Up To One Week Open Time

### FEATURES:

- Exceptional durability
- Once catalyzed, can be used up to one week
- Excellent scratch & stain resistance
- 2K performance with 1K ease!
- Available in 4 sheens
- No isocyanate / no aziridine
- Compliant nationally
- Water cleanup

**NEW!** Absco Platinum 2K Wood Floor Finish is a high-performing 2K wood floor finish with the ease of a 1K. With a remarkably long open-time, exceptional durability, and excellent scratch and stain resistance, Platinum 2K is the perfect product for professionals and contractors who demand ease-of-use and fast return to service times. Platinum 2K uses no isocyanate or aziridine catalyst, and is nationally VOC compliant with easy water cleanup.

**Try Absco Platinum 2K Wood Floor Finish Today!**

# Another Critical **JOBSITE SAVE!**

By Scott Banda

Sponsored Content

## **The Situation**

Faced with installing premium hardwood floors in an unoccupied residential home during cold weather, Integrity Flooring required a solution to remotely monitor jobsite conditions, 24/7.

## ***INTEGRITY*** **FLOORING**

**Dan Auld**, Owner

[www.integrity-flooring.com](http://www.integrity-flooring.com)

Hudson | Spring Valley | Menomonie, WI

## **The Results**

Integrity Flooring's project team members received real-time push notifications to their mobile devices that identified exceptionally low temperature conditions at the jobsite. The homeowner was notified and HVAC controls were repaired to ensure the space was properly climatized.

## **The Benefit**

Dan Auld, Owner of Integrity Flooring said, "Just yesterday, Floorcloud alerted us of a jobsite where temps were dropping significantly. Homeowners were not staying in the home, so we knew something was up. The pressure switch on the furnace went out, but Floorcloud was the first to alert us of an issue. Floorcloud is a valuable tool that helps guarantee the desired results on all our flooring projects!"

## 3M

### Booth 910

Designed to cut faster and last longer, 3M™ Precision-Shaped Grains technology prevents abrasives from heating up or dulling over time for professional results every time you sand. Available in a wide range of belts, discs, and grits, 3M has a solution to help save you time.

[3M.com/regalite](http://3M.com/regalite)

## AHF PRODUCTS

### Booth 520

Hartco® DogwoodPro™: Densified Wood™ technology, developed by AHF Products, has been a real gamechanger for the hardwood flooring buyer, especially for those who have pets or kids. 100 percent real hardwood. More than six times more dent resistant than traditional wood floors. Four times more scratch resistant than traditional wood floors. Made in the USA with global and domestic content. [ahfproducts.com](http://ahfproducts.com)

## ALLEGHENY MOUNTAIN HARDWOOD FLOORING

### Booth 720

Allegheny Mountain Hardwood Flooring's Northern Appalachian rift and quarter sawn red oak is unlike any red oak you've ever worked with. The red oak growing in this region creates tight growth rings and beautiful coloration. Rift and quarter sawn red oak is a great value alternative to R&Q white oak. Red oak is also easier to get wider plank rift only. Natural and S&B grades available. [alleghenymountainhardwoodflooring.com](http://alleghenymountainhardwoodflooring.com)

## APPALACHIAN LUMBER COMPANY

### Booth 944

Producing engineered and solid plank flooring, mouldings, stair parts, treads, risers, box newels, handrails, and more. Specializing in the unique and hard to find. Stocking more than 20 species, with inventory of many stock items. Give us an opportunity on your next special hardwood job. [appalachianlumber.net](http://appalachianlumber.net)

## ARBORITEC USA INC.

### Booth 1032

Arboritec's Elite is a one-component ceramic fortified waterborne finish ideally suited for heavy traffic residential floors. Elite is sold in a 16.5L jug and boasts fast dry, low cure times and is known for providing unrivalled support, durability, and hardness. [arboritec.com](http://arboritec.com)

# EXHIBITOR SHOWCASE

## **BJELIN**

### *Booth 1131*

Our Oak Select Brushed Lacquer in Earth Grey evokes a sense of modern rustic elegance inspired by the colors of the earth. With a natural and distinct color choice, Earth Grey immediately gives a room a refined aesthetic perfect for any open space. It is versatile and allows for the natural beauty of the flooring to compliment any home décor or interior design.

[bjelin.com](http://bjelin.com)

## **BOEN HARDWOOD FLOORING**

### *Booth 936*

Chaletino by Boen – the industry leading ultra-wide plank hardwood floor; 11 3/4" wide by 9 feet long – every plank. This stunning product is offered in a variety of color and finish options. Hardwood floors from Boen set that final touch to your style, becoming the showpiece of your home.

[boen.com](http://boen.com)

## **BONA**

### *Booth 1012*

The Bona® Diamond Sanding Plates are 6" hook and loop diamond segments designed for the Bona Power Drive®. They quickly and efficiently sand off stubborn aluminum oxide, ceramic, and UV-cured prefinished hardwood flooring, along with rigid materials on wood, such as adhesive residues or old foam backing from carpets. The long life and sustained removal rate make this a must-have tool to save you time, money, and labor on your next job.

[bona.com](http://bona.com)

## **BOSTIK, INC.**

### *Booth 1020*

Bostik's Roll-Cote Moisture-Vapor-Barrier Coating + Primer is a water-based, one-component system formulated to reduce substrate moisture-vapor emissions, prime floors prior to underlayment applications, and block concrete alkalinity. Roll-Cote is compatible with an assortment of flooring types including, concrete and wood substrates with no mixing required and a fast dry time.

[bostik.com/us](http://bostik.com/us)

## **BUCHANAN HARDWOOD FLOORING**

### *Booth 1038*

Our unfinished hardwood flooring is created from our state of the art manufacturing facility located in Aliceville, Alabama. We produce 2 1/4" - 5" red oak, and 2 1/4" - 4" white oak. Our red oak and white oak flooring is very well thought of throughout the industry. With our production of 13 million square feet per year, we pride ourselves on having what you need when you need it.

# EXHIBITOR SHOWCASE

## CANLAK COATINGS (CLK CANLAK, POLOPLAZ, ABSCO & SAMPSON)

### Booth 1120

Absco Platinum 2K Wood Floor Finish is a high performing 2K wood floor finish with the ease of a 1K. Platinum 2K has a remarkably long open-time, industry-leading durability, excellent scratch and stain resistance, and is the perfect product for professionals and contractors who demand ease of use and fast return to service times.

[absolutecoatings.com](http://absolutecoatings.com)

## CORUS FASTENING

### Booth 404

Corus offers a full line of stapling and nailing equipment for hardwood floors that includes the BCS50-R 15.5 Gauge Flooring Stapler. At only 9 lbs., this high speed mallet actuated tool is lighter than competing nailers, features an easy-glide urethane non-marring rolling system, tool-free precision depth adjustment, and a special magazine design for easy loading.

[corusfastening.com](http://corusfastening.com)

## DANZER

### Booth 230

More than 160 million ft<sup>2</sup> of sliced wear layers sold, and counting. Danzer's advanced slicing technology helps hardwood flooring producers to offer a wide range of fiercely competitive products, ensure a reliable product quality, and save the valuable hardwood resource.

[danzer.com](http://danzer.com)

## DELMHORST INSTRUMENT COMPANY

### Booth 709

The JX-20 and JX-30 are the latest moisture meters in Delmhorst's Navigator™ family. Bringing lumber, flooring installers, and inspectors professional-grade, accurate, and versatile tools to perform your job confidently. The JX-30 features the Delmhorst EDGE™ App with expanded wood species, customizable settings, geotagging, and data sharing from any location.

# Mannington®

HARDWOOD

## Handcrafted Hardwood

Select hardwood styles are truly handcrafted, including **Chateau**. It begins with sourcing the finest hardwood species from around the world, selected by a team of hardwood experts.

■  
Hand-scraping and planing are carefully done by artisans to add character, depth, and detail.

The next step of hand-staining and glazing brings out the natural beauty of the wood.

The patterns are designed by Mannington's expert stylists, brought to life by hand by craftspeople who've spent years perfecting their skill.

■  
Every inch of every plank is touched by a human, by true artisans from Guatemala.

View the  
Story of our  
Handcrafting  
Process.

## OGDEN GROUP

### *Booth 516*

Ogden Group/RfsProtech has developed a manufacturing method that replaces plywood with a solid core substrate. The core substrate consists of a two-ply construction – a rotary-peeled or sawn veneer bottom layer and a top layer of sticks that are gang-ripped from 4/4 low-grade lumber. The wear layer is then applied on top of the core substrate.

[ogden-group.com](http://ogden-group.com)

## OLDE WOOD LIMITED

### *Booth 613*

Olde Wood Limited's rift and quartered white oak is available in a variety of widths and two proprietary grades. The product can be ordered unfinished or prefinished in a variety of options based on your needs. Please give us a call for more information at 866.208.9663.

[oldewoodltd.com](http://oldewoodltd.com)

## PALLMANN

### *Booth 114*

The PALLMANN® SPIDER is a planetary gearing, powerful drive sanding machine that ensures a perfectly sanded surface. The multi-purpose PALLMANN® SPIDER is extremely easy to use and quiet in operation.

[us.pallmann.net](http://us.pallmann.net)

## PEACHEY HARDWOOD FLOORING

### *Booth 622*

Peachey Hardwood Flooring is a two-time NWFA Wood Floor of the Year manufacturer of some of the highest quality, custom hardwood flooring, moldings, and stair parts in the country.
