2026 NWFA WOOD FLOORING

INDUSTRY

— GUIDE —

ANTIQUE RECLAIMED

100 to 200 year old
lumber reclaimed from
historic buildings

CHOOSING THE PERFECT WOOD FLOORING

When it comes to transforming a space, few design elements make as powerful a statement as wood flooring. The warmth, natural beauty, and timeless elegance of wood create an inviting atmosphere that enhances any home or commercial setting.

When it comes to deciding between the storied character of Antique Reclaimed or the modern, clean appeal of Traditional Plank, there are a number of benefits to consider.

01 CHARACTER

Each plank carries decades or even centuries of history, featuring unique weathering patterns, nail holes, and patina that simply cannot be replicated by new wood.

02 SUSTAINABLE

By repurposing wood from old barns, factories, and buildings, we're preventing quality timber from ending up in landfills while reducing demand for newly harvested trees.

03 STABILITY

Reclaimed wood has spent generations acclimating and settling, making it exceptionally stable with minimal expansion and contraction compared to new wood.

04 EXCLUSIVE

The natural aging process creates rich, varied tones and oxidation patterns that are impossible to achieve with stains alone. No one else will have the exact same planks.

01 UNIFORMITY

More consistent color and grain patterns throughout the floor, creating a clean, cohesive look that's ideal for contemporary and formal design schemes.

02 CUSTOMIZED

Choose from a variety of wood species, colors, finishes, and plank widths to achieve your exact vision without limitation.

03 AVAILABILITY

It can be easier to order additional materials for future repairs, expansions, or renovations without worrying about matching vintage stock.

04 PRICING

Generally more budget-friendly, traditional planks provide value while still delivering the beauty and durability of genuine hardwood.

TRADITIONAL PLANK

New domestic hardwood
harvested from mature
trees

Alliance for
Audited Media

Hardwood Floors' subscription base is AAM audited. An AAM audit provides advertisers and agencies with assurance that what they choose to invest in does, in fact, reach target audiences for specific ads. The AAM audit also helps media companies by documenting the quality of their audiences.

Hardwood Floors (Print: ISSN 0897-022X and Online: ISSN 2475-5125) is published on a bi-monthly basis, plus the Annual Industry Guide, by the National Wood Flooring Association and distributed as a membership benefit to its member companies and without charge upon request to qualified individuals throughout the wood flooring industry. Single copy price is \$8, annual Industry Guide is \$50. Subscriptions: \$40/year (includes 6 issues and Industry Guide) in the U.S. and Canada. Publication office: 14 Research Park Drive, St. Charles, MO 63304. Phone: 800.422.4556. Printing office: Walsworth, 306 N. Kansas Ave., Marceline, MO 64658. Printed in the U.S. Periodicals postage is paid at Chesterfield, MO and at additional mailing offices. POSTMASTER: Send address changes to Hardwood Floors, P.O. Box 9147, Lowell, MA 01853.

ANNIVERSARY

2025 has been a special year as we celebrated the National Wood Flooring Association (NWFA)'s 40th anniversary. For four decades, NWFA has served as our industry's foundation. It unites us to grow and lead. NWFA isn't just a membership; it is a community that shares your passion, supports your growth, and lifts the wood flooring industry.

This milestone calls for recognizing the craftsmanship, innovation, and community that make the industry so special. Through changing trends, evolving technology, and shifting markets, one thing has remained constant – NWFA's commitment to education, quality, and community. That's why as we honor the past 40 years, we also look ahead to how we can best serve the industry for the next 40 years. You play a role in that.

Your investment as an NWFA member is real and so are the results. You gain credibility with using NWFA's logo, but it is so much more than that. NWFA guides your growth with hands-on training, NWFA University online courses, and professional certifications to prove you are an expert. The value is clear. Through your association, there is access to technical resources, expert advice, savings via manufacturer coupons, and all of the latest news in *Hardwood Floors* magazine.

Connect and rise with others at the NWFA Wood Flooring Expo. In 2026, we will mark 40 years of the Expo. It will take place on April 21-23 in Orlando, Florida, and attending is a great way for you to spark ideas and find new opportunities to network and learn.

PHOTOS COURTESY OF NWFA

From those who were there as NWFA was founded to today's emerging leaders, 40 members shared thoughts on the impact the organization has had on their careers and the wood flooring industry. Read their reflections in this special edition of *Hardwood Floors* magazine at HARDWOODFLOORMAG.COM

Your commitment shapes this community and inspires resilience in others. Every project you tackle and every connection you make builds a bolder industry.

Reignite your commitment and stay part of a movement that has been thriving for four decades and counting. Find out more about all that the NWFA has to offer by reading the association's annual report, starting on page 10 in this industry guide.

Grow your business, elevate your career, increase your knowledge, and expand your network. Let's unlock your potential together. If you are not part of NWFA, call 800.422.4556 or visit nwfa.org to join today. For those who are already members, I challenge you to get more involved.

Share your time and knowledge with others to help strengthen the industry and shape the next 40 years of NWFA.

Add even more value to your career by learning about all of the benefits of being an NWFA member.

For more information, call **800.422.4556** or visit **nwfa.org**.

The first GREENGUARD Gold Certified wood flooring adhesives in the industry!

Bona® is proud to announce that we have earned **GREENGUARD Gold Certification** on our full line of wood floor adhesive and moisture barrier products!

WHAT GREENGUARD GOLD MEANS

- **GREENGUARD Gold** products emit lower VOCs than standard Greenguard products.
- **GREENGUARD Gold** standard includes health-based criteria for additional chemicals and also requires lower total VOC emissions levels to ensure that products are acceptable **for use in environments such as schools and healthcare facilities.**
- Bona Adhesives are **GREENGUARD Gold** Certified with your health in mind. Did you know that people spend more than 90% of their time indoors?
- **Indoor Air Quality** – Children, and some adults are more susceptible to indoor air quality problems. Children breathe more per body weight, so they get a bigger dose of whatever is in the air.

Scan here to learn more
about Bona® Adhesives!

CEO'S NOTE

By Stephanie Owen
President & CEO, NWFA

The National Wood Flooring Association (NWFA) is here for you when the wood flooring industry faces challenges. Our 2026 Industry Outlook survey in *Hardwood Floors* magazine found respondents' top

concerns were tariffs/trade policy, consumer demand, and interest rates. Nearly 70 percent of those surveyed stated they are either somewhat or significantly adjusting their business strategy due to economic uncertainty.

Some of the actions being taken include focusing on financial meetings, improving processes, investing in technology, and adding new product categories, lines, or services. How can you figure out what is the best game plan for your company? Leadership, strategy, and business development are critical in communicating value to customers.

The new Competitive Edge classes in the NWFA University deliver powerful insights to help you grow and lead more effectively. Through short videos and a workbook, experts will take you through how to improve your processes and communications, build strong teams, and more. A direct extension of our Leadership Development Summit, these courses are just one of the many tools designed to help you sharpen your skills and lead your business to success.

Competition from wood-look products (such as LVT, WPC, and laminate) also remains a concern, according to two-thirds of respondents. Some say it is because homeowners are opting for non-wood alternatives that often are

COMMUNICATING *Value*

cheaper and are swayed by marketing. More than ever, selling real wood flooring isn't just about offering a great product – it is about being able to communicate its value.

The Sales Advisor series in the NWFA University helps you and your team sell with confidence. These courses provide the industry knowledge and strategies needed to sell wood flooring products successfully. This contains a comprehensive overview of all aspects of wood flooring sales including the full range of wood flooring products, steps for effectively evaluating jobsites, the range of installation methods available, and how to estimate job costs accurately and competitively. Take it a step further and highlight your expertise to clients and other professionals by becoming an NWFA Certified Sales Advisor.

Tailored for the on-the-go professional, both the Sales Advisor series and the Competitive Edge masterclasses feature brief three- to five-minute videos that can be viewed anywhere and anytime, making learning convenient and accessible. The NWFA University is just one of the many valuable opportunities provided to members who want to invest in themselves and the industry.

Hardwood Floors magazine's annual NWFA Industry Guide is all about connecting you to resources. Whether it be a new product, a new addition to your network, or a new offering from NWFA, you will find all of the possibilities to better your business within these pages.

The strength of NWFA comes from its members, those who not only excel in their craft but also go above and beyond to share their knowledge, mentor others, and promote the values of this industry.

How can we help you succeed and improve the industry in the year ahead? Feel free to contact me at stephanie.owen@nwfa.org or 800.422.4556.

FOR WHEN RESULTS MATTER.

3M™ PRECISION-SHAPED GRAINS

Uniformly shaped triangular ceramic grains are electrostatically oriented to stand upright and slice through the substrate, continually fracturing into new sharp cutting edges. The technology prevents abrasives from heating up and provides a consistent cut. Designed to last long and cut fast for professional results every time you sand. With a wide range of belts, discs and grits, 3M has a solution to help save you time.

Bruce®

WE'VE GOT UNFINISHED BUSINESS

Bruce®, the preferred partner in hardwood, now offers Bruce Unfinished™ hardwood—available in solid white and red oak, as well as a diverse range of unfinished engineered options. Made in the USA, Bruce hardwood floors have been trusted by trade professionals for over 150 years.

- Select Grade
- Square edges and ends for a seamless site finish
- Precision milled for a fast, easy installation

Bruce - the #1 most trusted name in hardwood

MADE IN THE USA

Glitsa Idro Clear™

Beautifully Transparent

Outstanding open time and smooth flow—even when applied cross-grain—IdroClear delivers a consistent, crystal-clear finish with an elegant sheen, even on challenging layouts.

Available in satin & matte sheens.

Scan to learn more

Over 150 million square feet of wood surfaces have been treated and protected successfully.

At less than half the cost of competing brands, installers will enjoy more profits and peace of mind. No floor finish can touch the beautification, protection, and durability of Odie's Oil.

- ★ America's True Hard-Wax Oil
- ★ Eliminate Call Backs
- ★ Stabilizes Wood
- ★ Waterproofs
- ★ Unsurpassed Protection & Durability
No more white scratches from furniture feet!
- ★ Limitless Color System
- ★ Easy & Simple to Use
- ★ Proven Superior in Every Environment

IN PERSON HANDS-ON TRAINING

Technical Support is just a simple phone call away. We guarantee superior results and complete satisfaction.

Contact NWFA@OdieOil.com to get the rest of the story. You will be glad you did!

Coatings for residential, commercial and gym floors

Our water-based wood flooring coatings are engineered for performance without compromise.

- Fast-drying, quick cure times to keep projects moving
- Low odor, low VOC for a cleaner job site
- Clarity and non-yellowing durability that lasts
- Easy water cleanup for a smoother workflow
- Finishes for every style — from matte to high-gloss

HIGH-CAPACITY OPTIMIZED CROSS-CUT SAW SYSTEM

**STANDS OUT FOR ITS SPEED,
ACCURACY AND STURDY DESIGN**

**DEVELOPED ESPECIALLY
FOR FLOORING**

**SYSTEM INTEGRATED
IN OUR ADAPTED SOLUTIONS**

For more than 20 years, Lico Machinery Inc. has stood out for the quality of its equipment, its adapted solutions, as well as its unique and unbeatable service. Lico specializes in the design and manufacture of sawmill and flooring equipment ranging from standalone machines to complete solutions. No compromise is made on the quality of the equipment, from design to installation, because we know that in a world where profitability depends on productivity, only quality performs.

WOODWORKING INNOVATIONS: VERSATILITY. EFFICIENCY. PRODUCTIVITY.

Thin-Cutting Frame Saws from Ogden cut thin veneer slats from solid wood blocks with minimal waste from saw kerf. Multiple saw blades as thin as .036" produce a smooth finish ideal for gluing. Applications include flooring, windows, doors, and furniture.

The NBS 300 uses CNC technology to grind the blades, providing for an accurate and precise sharpening of the profile on the bandsaw blades. The grinder comes with an integrated grinding wheel dressing attachment which will dress the grinding wheel automatically while the machine is running.

Manufactured for the flooring industry, the **PUR Continuous Roll Feed** press is a fast and economical method for laminating the top wear layer onto a plywood substrate. The system can be manufactured with an automatic in-feed system. Also available with optional cut off saw.

Our industry has stories to tell.

We're telling them.

Contribute Now to Build Your World

The Real American Hardwood Coalition has launched its Build Your World™ campaign in partnership with Magnolia Network. The ads are inspiring a national audience by educating them on the benefits of Real American Hardwood® products.

The campaign was made possible thanks to voluntary contributions from the hardwood industry. Your continued support is critical to advance the initiative and reclaim market share for the benefit of all industry stakeholders.

Help Build Your World. Learn more about the RAHC's promotion efforts, see a list of supporters, and make a voluntary, tax-deductible contribution at RealAmericanHardwood.com/industry or scan the QR code.

TURMAN GROUP

TURMAN HARDWOOD FLOORING

Produced in the
Appalachian Mountains of
Southwest Virginia, where
some of the best hardwoods
in the country are grown.

WE OFFER

Unfinished Flooring

Species include Red and White Oak,
Hickory and Maple. Wormy Ash and Oak
may be available by limited special
order as well. Widths available include 2
1/4", 3 1/4", and 4 1/4".

Prefinished Flooring

All prefinished flooring is Manufactured
with micro beveled sides. These
products have a 9 coat aluminum-
oxide urethane "No-Wax" finish ensuring
beauty that will last a lifetime.

Other Products

New to our product line: Turman 5"
Flooring: Eastern White Pine & Poplar
ceiling and wall board. Call our office
for additional information.

ABOUT US

We were established in
2002 in Galax, Virginia. Our
company is dedicated to
manufacturing a quality
unfinished and prefinished
product at a competitive
price.

Long-Lasting Real Engineered Wood Flooring

The hard surface marketplace is full of confusion. The NWFA Refinishable Program cuts through the clutter and identifies real wood flooring products with wood top-layers thick enough to be sanded & finished. Look for the certified refinishable logo to ensure you are buying, selling, or specifying a sustainable engineered wood flooring product that has been designed to withstand the test of time, change its look, and be renewed.

THE FIRST STEP TOWARD HAPPY FLOORS.

FLOORING INSTALLATION | RESTORATION & REPAIR | FINISHING

From small repairs to large refinishing and installation projects, we pride ourselves on offering top quality workmanship at a fair price. Our master craftsmen expertly install and refinish hardwood floors, baseboards, backsplashes, and tile details for a stunning look that lasts.

CONNECT WITH US

With franchises in over 35 states across 150+ territories, we're here making a difference in your local community. To find a location nearest you, visit us online at

footprintsfloors.com | footprintsfranchise.com

Dealers/Retailers

NWFA North American member dealers/retailers are listed alphabetically by state and province. Dealers/retailers outside North America follow those listings. Advertisers in this issue are listed in blue.
